ACTION PLAN 2021-2022

ACTION PLAN 2021-2022

- Provide workshops on effective research methodologies, writing, and publishing.
- Use the feedback to continuously improve teaching methods and curriculum design.
- Increase the number of socially responsible programs and events that engage students with community issues and encourage them to contribute to societal development.
- Improve knowledge and communication skills among PG students. Conduct regular programs where PG students present their research and ideas. Provide feedback from faculty to improve student presentation skills.
- Promote awareness of important national and international events. Organize events, activities, and discussions around key national and international days (World Environment Day, Independence Day, etc.).
- Inspire students through lectures by successful alumni. Regularly invite distinguished alumni to deliver lectures on current and relevant topics. Provide networking opportunities for students with these alumni.
- Connect students with nature and environmental sustainability. Organize study tours to natural reserves, forests, and conservation projects. Provide sessions on biodiversity, sustainability, and environmental sustainability.
- Promote physical and mental well-being among students and faculty through yoga.
- Conduct regular yoga sessions, facilitated by trained instructors, for students and staff focusing on physical fitness, stress relief, and mindfulness.
- Host workshops on the importance of yoga for holistic health, highlighting techniques for stress management, concentration, and relaxation.
- Involve students and faculty in socially responsible activities. Conduct regular extension activities focused on community development and social welfare. Partner with NGOs and other organizations to create impactful outreach programs.
- Provide a comprehensive induction experience for new students to familiarize them with the college's values, rules, and culture.
