

POST GRADUATE PROGRAMME SPECIFIC OUTCOMES	
M.Sc Botany	
PSO 1	Experience and identify the diversity of plant kingdom, from lower to higher level
PSO 2	Mastery of different branches of Botany such as systematics, evolution, ecology, developmental biology, physiology, biochemistry, plant breeding, horticulture, anatomy, reproduction, bioinformatics, genetics, molecular biology of various plant groups
PSO 3	Recognize the issues of environmental contexts and sustainable development with respect to assessment, conservation, and utilization of plant biodiversity
PSO 4	Develop research attitude, technical skill through critical thinking and the ability to design, execute experiment, and analyze and interpret results
PSO 5	Create social awareness about the importance of plant kingdom and respect nature through sustainable utilization of bioresources

POST GRADUATE PROGRAMME SPECIFIC OUTCOMES (PSO'S)

M Com Finance

PSO1	Enable the students to realise the significance of different areas in the discipline of Commerce and acquaint with conventional as well as contemporary areas in the discipline of Commerce.
PSO2	To enhance the student's capability of analysing business issues in National and international contexts.
PSO3	To provide a systematic and rigorous learning and exposure to banking and finance related discipline.
PSO4	Apply the knowledge gained to identify formulate and solve real life problems to meet the core competency with continuous upgradation.
PSO5	Evaluate National and international debates and discussions on economic, commercial and business issues.

POST GRADUATE PROGRAMME SPECIFIC OUTCOMES (PSO'S)

MA ECONOMICS

PSO1	Enable the students to realize the significance of economics in application to individual decision makers, both consumers and firms
PSO2	To enhance the student's capability of critical assessment, analytical skill and expertise in evaluating the recent national and global economic issues
PSO3	Enhance their preparation for competitive examinations for the post of Class I job positions in Central Government and State Government
PSO4	To seek employment in Managerial positions in private and public sector
PSO5	To enable the students to undertake an empirical research work on various economic issues

POST GRADUATE PROGRAMME SPECIFIC OUTCOMES (PSO'S)

MA ENGLISH

PSO1	Build on the knowledge gained through the graduate programme and gain a wider and deeper comprehension of literary movements, forms, and texts, with special focus on the values they inculcate across a wide range of socio-cultural contexts.
PSO2	Develop an in-depth knowledge of literary theory and the ability to apply the same in contexts both literary and cultural.
PSO3	Acquire knowledge of the tools for the study of the linguistic and stylistic aspects of English.
PSO4	Understand the various facets of language and literature teaching and the methods by which literary appreciation can be transferred to learners.
PSO5	Strengthen knowledge and critical insights into non-British literatures.
PSO6	Enhance critical acumen and interpret literary and non-literary texts using different critical approaches.
PSO7	Gain an understanding of research tools and methodology and use the same in assignments, classroom presentations, and dissertation
PSO8	Use the knowledge gained in the classroom to help students develop an abiding love for literature and facilitate their transformation into global citizens.

POST GRADUATE PROGRAMME SPECIFIC OUTCOMES**M. Sc. PHYSICS**

PSO 1	Understand advanced knowledge of basic physics concepts, theories and principles
PSO 2	Apply mathematical and computational techniques to solve complex physics problems
PSO 3	Understanding experimental techniques, data analysis and interpretation
PSO 4	Development of critical thinking, numerical analysis, problem solving and analytical skills
PSO 5	Understanding interdisciplinary connections between physics and other scientific fields
PSO 6	Promote Scientific temper

POST GRADUATE PROGRAMME SPECIFIC OUTCOMES (PSO'S)

MSc Zoology

PSO1	Acquire in-depth knowledge on different branches of Zoology and thereby develop inquisitiveness to explore advanced courses of learning and research.
PSO2	Integrate biological knowledge to allied disciplines and to inculcate interest in biodiversity, various ecosystems, its interactions and laws governing their conservation
PSO3	Apply ethical principles and commit to professional ethics and responsibilities in research and teaching
PSO4	Apply the scientific method to questions in biology by formulating testable hypotheses, gathering data and analysing those data to assess the degree to which their scientific work supports their hypotheses
PSO5	Create empathy and care towards the ecosystem and biomes
PSO6	Acquire necessary skills in the observation and study of nature, biological techniques, handle analytical equipments, research methodologies, with scientific temper and ethics leading to research
PSO7	Achieve intellectual competency with innovative ideas and research aptitude enhanced with specialization in Environmental Physiology to avail career opportunities in higher education, scientific research projects, environmental and industrial organizations that require postgraduation in Zoology
PSO8	Coordinate and present appropriate applications of knowledge through effective written, verbal, graphical/ virtual communications and interact fruitfully with people from diverse background
